## What's new at the "Vue"?

### Message From the Manager

Craig White, General Manager

It is the beginning of a new season and the staff at Grand Vue Park would like to say a huge THANK YOU to all of our partners that have made this past year so successful. To our County Commissioners: without the support of Mr. Miller,

Mr. Stewart and Mr. Varner we would not be able to provide the beautiful grounds and amenities and continue to offer the free programs to the community. Also thank you to the County Administrator, Betsy Frohnapfel and the County Clerk's office led by Jan Pest, for taking such good care of us throughout the year.

We also thank our Board of Directors for their leadership and support: Leigh Ann Scherich, Melanie Hummel, John Gruzinskas, Woody Yoder, Bob Meade, Lyle Yoho and the person that has worked the longest to keep Grand Vue Park the gem that it is, Alfonso

"Pancho" Flores.

Thank you to all of our vendors who provide products and services which allows us to care for our customers. And to those that have volunteered to assist us with our programs throughout the year, we extend our sincere thanks as well.

Grand Vue Park is entering into a new era with the additional High Adventure amenities that will be completed this spring. We are looking forward to serving the community in 2016 and providing a beautiful park for all to enjoy!

### WVMBBA Sanctioned Race Scheduled for July 3rd 2016

Above: Local mountain bikers on a Wednesday group ride taking in the view at the Scenic Overlook at Shelter 5.

Some big news on the mountain bike front this year for Grand Vue Park. On July 3rd there will be a WVMBBA ( West Virginia Mountain

Bike Association) sanctioned race. It has been nearly 20 years since this has happened at the park and we are so excited to be the only sanctioned race in the northern panhandle. There are new trails being constructed at the park to accommodate all levels of riding although some sections are more

difficult than others. Guest Activities Coordinator Todd Hager is at the forefront of this project and plans to extend the park's 12 mile mountain bike trail system to 20 miles of single track. Plans of completion are due in the spring when the Adventure Park opens. Camping for the event will be available to those who preregister for the race. If you would like to donate or become a sponsor for the event please call Todd Hager at (304) 280-1834 or the main office at (304) 845-9810.

# What's New at the "Vue"?

## Activity of the Month

## New Trolleys for 2016 Zip Line Season

**Project Feeder Watch**  
January 9th from 10:00 AM to 11:00 AM at the banquet hall.

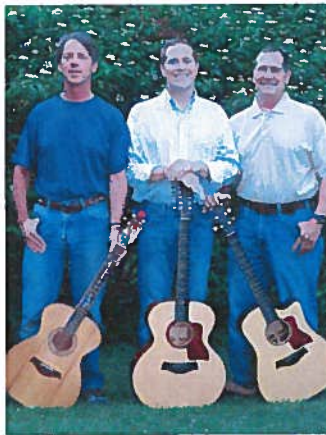

Project Feeder Watch is a research and education project in conjunction with the Cornell Lab of Ornithology. This program is made possible by the efforts and support of thousands of citizen scientists. The event will be led by Dr. Scott Shalaway, who has published books and nationally recognized articles and Woody Yoder, local bird enthusiast and park supporter. Stop in the main office and pick up your tally sheet when you embark on our Project Feeder Watch experience. Your data will help compile different species readings in our region in the US.

2016 brings us a new year and here at the park we are unveiling our new trolleys for the zip line canopy tours. We are equipping all of our customers with Headrush's Impact Trolleys. These new lightweight trolleys will make your tour even more enjoyable. The Impact Trolley weighs roughly 1.7 lbs, as compared to our old trolley system at roughly 10 lbs. These will make maneuvering, climbing and the walk back to the tower a lot easier. The Impact Trolley is a sleek and

stylish design which does not hold back on durability. These new trolleys are better in design not just for the customers safety but also for the life of the zip line. The design of the Impact Trolley and its braking system work hand in hand providing stability and durability to the life of the zip line itself. This makes a better experience on our high adventures course for our customers. The Adventure Park is due to open in the spring and we cannot wait! You can still book zip line reservations by calling the main office at (304) 845-9810.

## Winter Concert Series kicks off in January at Banquet Hall

Above: Bridges

The park is proud to announce the rollout of its Winter Concert Series. Once a month join us at the banquet hall for an intimate acoustic show with some amazing local music. Our first artist that we will be featuring is "Bridges". Bridges, Kim Butler, Dave Pettit and Doug Pettit has been together since 2005. Playing songs from the Eagles, Crosby Stills Nash Young, Beatles, America, Zac Brown, Van Morrison and others. They concentrate on three part harmonies on most songs. Doug and Dave played with the band

Sweet Harmony for years. Kim played in duo as Kim and Ed back in the early 70's. They are set to play on January 16th from 6:00 PM to 8:00 PM at the banquet hall. This is a free show for all ages and is open to the public. The park will be collecting canned goods and non-perishable donations to benefit the Feeding Body and Soul Community Kitchen located at the Simpson Methodist Church on 7th St & Morton Ave in Moundsville, WV.

## Paint and Sip Returns to the Pool Clubroom

Moon River Studio will be hosting a paint and sip at the park's pool clubroom on January 21st. This event will start at 6:30 PM and if you plan on attending you must pay when preregistering to reserve your spot and supplies. This paint and sip's painting will be a snowman with a

customizable scarf to meet every sports fans needs, or for your own personal initials. Space is limited to 40 participants so don't forget to reserve your spot today. Call the main office at (304) 845-9810 to make arrangements.

**50% off Cabin Rentals Sunday – Thursday**  
Through Memorial Day!
